3. ENVIRONMENTAL PERFORMANCE DATA

4. Reporting Start Date

January 1, 2021

5. Reporting End Date

December 31, 2021

6.

SOLID WASTE

if solid waste information is not available, provide an estimate. An estimate can be calculated by weighing or measuring consumption/materials for one week. Average the weekly figure, making sure to correct for seasonal variations in your business. Multiply the weekly average by 52 to get an estimated total for the year.

Measurements must be the ANNUAL totals in TONS.

***Please identify your unit of measurement**

Volume to Landfill: : 475

Volume being Reused, Recycled or Composted: : 45

Unit of Measurement : Tons

Total Cost ALL Waste Disposal: : \$60,500

Volume to Landfill:

Volume Being Reused, Recycled or Composted:

7.

WATER
