	DEPARTMENT	AREA	FOUR SEASONS BENCHMARK STANDARDS (2023)
	SUSTAINABILITY	FOOD & BEVERAGE	Compostable containers are used where takeaway packaging is necessary.
	SUSTAINABILITY	FOOD & BEVERAGE	At least two starters, two main courses and one dessert available from the following options: vegan, gluten-free and lactose-free (on the menu/buffet or advised by an employee).
	SUSTAINABILITY	FOOD & BEVERAGE	All eggs are cage-free and denoted as such on menus (AMER and EMEA only).
	SUSTAINABILITY	FOOD & BEVERAGE	Menus highlight local, seasonal, and sustainably-sourced items.
	SUSTAINABILITY	FOOD & BEVERAGE	Water in outlets and banquet spaces is provided in glass bottles or alternative eco-friendly containers only (i.e. no plastic bottles).
	SUSTAINABILITY	FOOD & BEVERAGE	Endangered species are not offered on any menus.
	SUSTAINABILITY	FOOD & BEVERAGE (RECOMMENDED)	All fish is sustainably certified to MSC, ASC or equivalent, and all proteins are sustainably/humanely sourced.
	SUSTAINABILITY	FOOD & BEVERAGE	Edible food is donated to those in need through a local organization.
	SUSTAINABILITY	FOOD & BEVERAGE	Excess inedible food is diverted from landfill through composting or other means.
	SUSTAINABILITY	FOOD & BEVERAGE (RECOMMENDED)	At least 25% of the menu in at least one outlet is vegetarian/plant-based, including residential where feasible.
	SUSTAINABILITY	FOOD & BEVERAGE (RECOMMENDED)	Menus highlight sustainable F&B philosophy and efforts, such as food waste reduction programs, where relevant.
	SUSTAINABILITY	TRANSPORTATION	Walking, running and/or biking maps are available to hotel and residential guests (rental program participants), and homeowners.
	SUSTAINABILITY	TRANSPORTATION	All water is provided in glass bottles or alternative eco-friendly containers only (i.e. no plastic bottles).
	SUSTAINABILITY	TRANSPORTATION	Electric vehicle (EV) charging stations (Level 2 or Level 3) are available to hotel and residential guests.
	SUSTAINABILITY	TRANSPORTATION (RECOMMENDED)	An electric and/or hybrid hotel car option is promoted for transfers, where available.
	SUSTAINABILITY	TRANSPORTATION (RECOMMENDED)	Shared bicycles are available to hotel and residential guests.
	SUSTAINABILITY	ARRIVAL / DEPARTURE	Paperless check-in / check out is provided via Four Seasons brand app, where legally available
	SUSTAINABILITY	ARRIVAL / DEPARTURE	All water is provided in glass bottles or alternative eco-friendly containers only (i.e. no plastic bottles).
	SUSTAINABILITY	ARRIVAL / DEPARTURE	The use of plastic key cards is reduced by offering mobile key and/or alternative materials for physical key cards.

	SUSTAINABILITY	ARRIVAL / DEPARTURE	If welcome amenity is offered, it should not contain single use plastics or inedible garnishes.
	SUSTAINABILITY	GUESTROOM PRODUCT	An environmental opt-out option as a default for not changing the towels daily (i.e. towels not changed daily unless requested) is present.
	SUSTAINABILITY	GUESTROOM PRODUCT	Television is not left on for arriving guests, or following turndown.
	SUSTAINABILITY	GUESTROOM PRODUCT	Return all hanging garments on good quality hangers (i.e. not wire) and if covered, use either reusable (i.e. canvas) or biodegradable (i.e. not-plastic) material.
	SUSTAINABILITY	GUESTROOM PRODUCT	Shampoo, conditioner, bath gel, and body lotion are in large-format bottles which are refillable/recyclable, instead of miniature format.
	SUSTAINABILITY	GUESTROOM PRODUCT	Dry amenities are single use plastic-free.
	SUSTAINABILITY	GUESTROOM PRODUCT	All water is provided in glass bottles or alternative eco-friendly containers only (i.e. no plastic bottles).
	SUSTAINABILITY	GENERAL	No single use plastic is used in public areas (lobby, fitness center, spa, pool, beach, etc.).
	SUSTAINABILITY	GENERAL	Paper waste is reduced by using e-signature processes where possible.
	SUSTAINABILITY	GENERAL	Where printed materials are needed, post-consumer recycled paper is used.
	SUSTAINABILITY	GENERAL	Recycling program is in place, and recycling containers are available in hotel and residential guest rooms and common areas, including meeting space.
	SUSTAINABILITY	GENERAL	Electronic newspapers are available; paper newspapers are only provided upon request.
	SUSTAINABILITY	HEART OF HOUSE AND EMPLOYEE EXPERIENCES	Employees can share ESG ideas via a suggestion mechanism (written, online submittal, etc.).
	SUSTAINABILITY	HEART OF HOUSE AND EMPLOYEE EXPERIENCES	Employee cafeteria is free from single-use plastics.
	SUSTAINABILITY	HEART OF HOUSE AND EMPLOYEE EXPERIENCES	Vegetarian/vegan menu options are offered in the employee cafeteria.
	SUSTAINABILITY	HEART OF HOUSE AND EMPLOYEE EXPERIENCES	Employee laundry is returned plastic-free.
	SUSTAINABILITY	HEART OF HOUSE AND EMPLOYEE EXPERIENCES	Recycling/composting receptacles are available in the Heart of House.
	SUSTAINABILITY	HEART OF HOUSE AND EMPLOYEE EXPERIENCES	Water filling stations are available for employees, and employees are gifted a water bottle or encouraged to use their own.
	SUSTAINABILITY	HEART OF HOUSE AND EMPLOYEE EXPERIENCES	Food waste program is implemented in employee cafeteria.

	SUSTAINABILITY	HEART OF HOUSE AND EMPLOYEE EXPERIENCES (RECOMMENDED)	Storage areas and office lights are controlled by motion sensor.
	SUSTAINABILITY	LOBBY/PUBLIC AREA	Filtered water dispensers are offered in public areas (lobby, fitness center, spa, pool, beach, etc.) with reusable or non-single use plastic cups.
	SUSTAINABILITY	LOBBY/PUBLIC AREA (RECOMMENDED)	Live plants are used instead of cut flowers as much as possible, including living walls.
	SUSTAINABILITY	LOBBY/PUBLIC AREA (RECOMMENDED)	Products used and available for sale in spas are environmentally certified and animal cruelty-free.
