Bill Information

Please review your bill carefully. A bill will be considered a proper charge unless a protest is made to Customer Services within fifteen (15) days after the original bill date. IF YOU HAVE QUESTIONS ABOUT YOUR BILL, PLEASE CALL CUSTOMER SERVICES at (415) 551-3000.

Definition of Charges and Terms

Water Service Charge:

The charge associated with maintaining the account (i.e. meter reading, billing, etc.). This charge is based on the size of the meter or on the size of the service line.

Water Consumption Charge:

The charge of each unit (748 gallons) of water actually used in a billing cycle.

Utility Tax:

Utility tax levied on all non-residential accounts.

Wastewater Charge:

Calculated charge based on the cost of collection, transporting, treating and disposing of each unit of wastewater discharged into the sewer system. Wastewater charges are calculated by multiplying water consumption by an assigned flow factor.

Discharge Unit:

Each discharge unit is equal to 748 gallons of wastewater returned to the sewer system.

Flow Factor:

The percentage of metered water use returned to the sewer system as wastewater. For purposes of determining applicable charges, the percentage of water use returned to the sewers is assumed to be 90% for single family residential users and non-residential users, and 95% for multifamily residential users. Residential users may appeal their assigned flow factor on the basis that a portion of water used is for irrigation purposes by contacting the Customer Services High Consumption Unit at (415) 551-4780.

Deposit Charge:

The deposit charge is a pledge by the customer to keep the account in good standing. This charge is returned to the customer after one year if the account has remained in good standing.

Transaction Charge:

A one-time charge to cover the administrative costs in establishing a new billing account for water and sewer services.

Late Payment Charge:

Any charges not paid fifteen (15) days from the due date will be assessed a late payment penalty fee. The fee is one-half of one percent (1/2%) for each thirty (30) days or fraction thereof on the amount owed. A reminder notice may be sent 30 days from the due date if amount remains unpaid. Thereafter, a delinquent account may be subject to disconnection of water and/or assessment of a lien against the property.

CAP Discount:

The Community Assistance Program (CAP) is the water and sewer services discount for qualified low-income single family residential customers.

Water and Sewer Rate Information will be provided upon request.
