Detail of initiatives	Photo

4.4 What we achieved

Green Achievements:
We do zero landfill waste due to Tokyo super eco town project
Our batteries are recycled in Hokkaido mercury centre
All the lights in the hotel are LED
We have installed water saver on many of our taps in HOH
We created food waste awareness in the canteen with colourful posters
We use aluminium bottles for our complementary water in the room
Drastic reduction on single use plastic in room amenities
We implement the usage of recycling paper for our print documentation.
